Sport, Music and Fun

Teddy Tennis is FUN

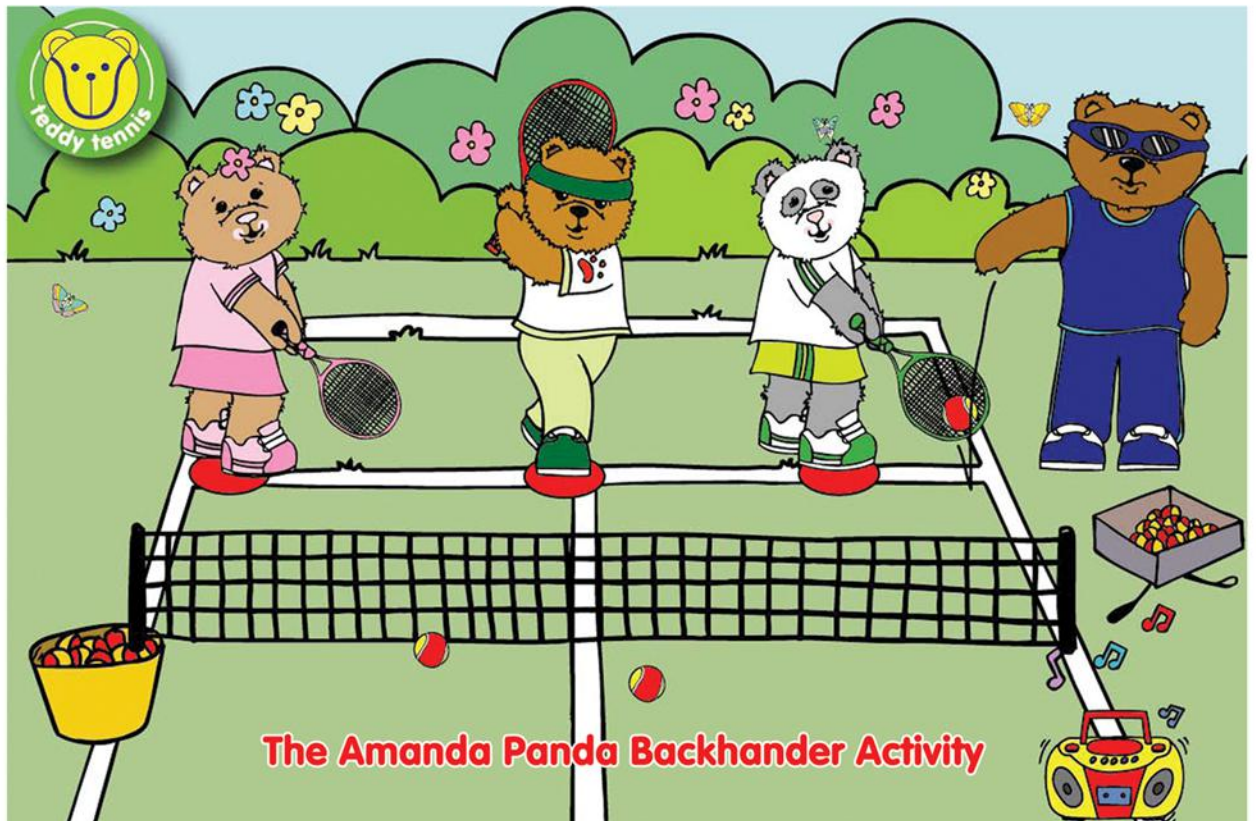

Teddy Tennis is a fantastic new approach for teaching young children aged 3, 4 and 5 years to play tennis; it is FUN to do and it is loved by everyone. It works by using pop music and pictures... but its not just any old music nor any old pictures!

Teddy Tennis Tunes Provide Rhythm

The *Teddy Tennis Tunes* have a great beat and provide the rhythm critical for playing tennis while the words of the songs tell the kids what to do. *Head Ted and the Cub Cadets*, the Teddy Tennis band, have recorded over 30 different songs, all available to download from iTunes.

Colourful Pictures Show Children How to Play

The full colour pictures are of bears at the *Teddy Tennis Academy* playing Teddy Tennis and these are used to show the children what to do for each of the 40 plus different *Teddy Tennis Activities* and games.

The combination of pop music and pictures appeals to auditory and visual senses of young children; speeds up the learning process, increases the attention span but above all makes it **FUN**.

Teddy Tennis Lesson Plans

Head Ted (*the cool bear in shades in the picture opposite*) is the coach at the **Teddy Tennis Academy**; he has made life easy for everyone by devising a whole series of lesson plans; one set for the 3½ to 4½ and a second set for the 4½ to 5½ year olds.

Movement, Ball and Racket Skills

Each **Teddy Tennis Activity** has been designed to develop one of three key skills:

- **Movement Skills**
- **Ball Skills**
- **Racket Skills**

... and every lesson uses a combination of the different skill based **Teddy Tennis Activities** so as to develop an all round **Teddy Tennis** capability.

The Teddy Tennis Academy

A family of 11 teddy bear characters have been created, some named after famous tennis players!

The bears (known as **Cub Cadets**) play an important role at the **Teddy Tennis Academy** in setting a fine example of behaviour, what to eat and drink as well as being very good at playing Teddy Tennis. They act as excellent role models.
